I attended Microsoft's new seminar for Women. Vision To Venture is for upcoming women business owners and current small business owners. It was amazing. I met amazing women who all wanted to start or have their own businesses. I sat with a Veterinarian who is currently waiting on her new office to be completed, a woman who sells promotional items, and another lady who is getting married in September and is hoping to go into business for herself. They all have great stories.

If you go, sign up for Microsoft Office Live Small Business. If you do, you get a FREE copy of Microsoft Office Small Business 2007. That's \$450 worth of software for \$59 (registration fee). It's SOOOOOO worth it, TRUST ME!!

I won the first raffle of the day, a FREE book from Susan Wilson Solovic, Author, CEO, and co-founder of SBTV.com. The book is titled, "The Girls Guide to Building a Million Dollar Success." She signed it for me and wished me a Million Dollars! I'll let you know how it turns out ;)

They all had great things to say and really good advice, especially tailored for women. If I could have, I would have bought all of their books, but I stuck to the free one I won. I had a lot of fun, the food was really good, and the women around me were just as enthusiastic as I was. I hope you can make it, and if you can't, the seminar will be broadcasted online FREE in May. So watch out for that.
