

## Damask Invitations

I am currently designing invitations for my parent's 30th wedding anniversary and my mom is so cool, she chose Damask for her theme. I was so excited because I LOVE damask design, especially in my favorite colors: red, black, and white. Those are her colors as well. Here's what we've come up with so far!!

I designed the following:

- Invitation
- Dance Invitation
- Envelope

Invitation

I opted for the UV spot color on the white leaves, the red T, the red vertical line, and the black swirls. I think that will add a very elegant touch.

Dance Invitation

For the dance invitations, I opted for the UV spot color on the dark black leaves, the white text on the red bottom, and the black strip.

## Envelope

The envelope will be printed with a bleed on the left side, left top, and left bottom. It coordinates with the damask design and includes a return address in white lettering.

Do you like these?? I am selling the design on my invitation website: [www.invites4you.com](http://www.invites4you.com). Check it out here!
